

# Quilt Purchase Agreement

Date:

Quilt Title:

Quilt price:

5.1% sales tax for WI residents:

Total purchase price:

Payments will be made on this quilt, one a month, for up to 12 months. No interest will be charged. If you miss or delay a payment, it will delay the delivery date of the quilt. The buyer may also elect to make payments larger than 1/12 of the total amount, to speed the actual purchase of the quilt. The artist will send statement in the US Mail after each payment is received. This will help keep both the buyer and the seller informed on how much is paid and the total of the remaining balance.

Upon receipt of the last payment, the artist will ship the quilt, UPS Ground, to the buyers as per the buyer's instructions.

The buyer will have **10** days to decide whether to keep the quilt or return it. If you choose to return the quilt, 65% of the total amount will be refunded, or the full amount can be applied toward the purchase of a larger quilt. The remaining 35% will cover the artist's administrative costs and having the quilt removed from other exhibit and sales opportunities during the duration of this agreement.

If at some time the buyer should cease making payments, only 50% of the total payments will be refunded. The balance will be retained by the artist.

This agreement will begin at the time the first payment is received by me, the artist.

I am in agreement, please sign and return two copies with your first payment.
